ENGINEERS REPORT OF THE SUNAPEE FIRE DEPARTMENT

Year ending December 31, 1950

The equipment of the Sunapee Fire Department is in good condition except Hose 1 Truck which we feel should be replaced, in the near future.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Sunapee School Board:

I herewith submit my third annual report as Superintendent of Schools.

Enrollment

The enrollment for the school year 1950-51 is 201 divided as follows:

Elementary Grades—148

(1-8)

Senior High—53

(9-12)

In September the elementary grades were so divided that some rooms had between 35-40 pupils—too large a number for effective instruction—especially where there are two grades per room. An additional teacher was employed to alleviate this condition and provide a reasonable teaching load in the elementary grades where a good foundation is so important to later school success. This teacher handles the general subjects in Grade 7, English for Grade 8 and physical education classes starting in Grade 5. With this additional teacher the enrollment in Grades 1-6 is divided into four class rooms as follows:

Grades 1 & 2—24

Grades 2 & 3—27

Grades 3 & 4—27

Grades 5 & 6—31

In-Service Training

For the third successive year, an extension course was offered in this School Union. The course given was in Guidance and was conducted by Dr. Harold Hyde, Chief of the Division of Educational Research of the State Department of Education. Three of the Sunapee elementary teachers were enrolled. Five members of the staff attended summer school.

The high percentage of the faculty who either attended summer school or took an extension course during the year is commendable. It demonstrates a desire on their part for professional improvement.

Handwriting

This year we have added the Rinehart Functional Handwriting System in Grades 1-7. Trained handwriting supervisors visit each class room once a month, outline the work for the next month and check the work of each pupil for the previous month. A diagnostic report is given to the teacher indicating the items which are to be made the basis for remedial instruction. Indications point to a general improvement of pupils' handwriting.

Repairs

During the summer the entire building was given a thorough cleaning by the janitor.

The main repair items were as follows:

The stairwells and first and second floor corridors were painted.

The Home Economics laboratory and sewing room were painted, the floors sanded and re-finished.

The shop was pointed—this work was done by the students.

The attic was insulated.

The Principal's house was insulated.

Chimneys at the school and Principal's house were repaired and re-topped.

New Equipment

The major items of new equipment purchased were:

35 movable desk and chair units for Grades 5 & 6

1 set of the Encyclopedia Americana

A new welding unit for the Shop

1 new typewriter

1 used long-carriage typewriter from Surplus Property

1 steel file for the Headmaster's Office

The following items of playground equipment were generously donated by Ex-Governor John H. Bartlett:

1 Combination Gym Unit

1 Merry-Go-Round

1 Bicycle Rack

1 Climbing Gym

1 Wave Swing

The school also benefited from Mr. Bartlett's generosity with

the construction of a new sidewalk from the Bartlett residence to the Central School. Ex-Governor Bartlett was present at the Dedication Exercises of the sidewalk on September 20. The school is indeed fortunate to have such a benefactor.

Conclusion

I wish to express my appreciation for the cooperation received during the past year from the school staff, together with the loyal support of the School Board and the continued interest of the other citizens in the welfare of the schools.

Respectfully submitted,

GORDON B. FLINT

Superintendent of Schools

A testing program for the entire school was conducted in cooperation with the World Book Company and the University of N. H. This has furnished much valuable information to both students and teachers as to strengths and weaknesses in our educational program.

A physical education program has been introduced for the fifth, sixth, and seventh grades in an attempt to emphasize good health, posture, fundamentals of group games and dancing.

Again the faculty and principal wish to express their sincere appreciation for the interest and cooperation of parents and citizens who aid in providing the type of education which will make democracy the most desirable and beneficial government under which we must live.
